

Prof. Maria Luisa Rusconi

Full Professor in Neuroscience and Neuropsychology

Current and previous position

Degree in Medicine and Surgery at the University of Milan in 1986.

Specialization in Neurology, University of Milan in 1990.

PhD in Psychobiology, University of Milan in 1994.

From 1987 to 1990 she got some University Grants for neuropsychological studies on cognitive disorders in brain-damaged patients at the Neurological Department, University of Milan. In 1990 she got a Grant of the European Science Foundation. In 1991 she got a Grant of the International School of Neuroscience.

1984-1995. Internship student and later physician at the Neurological Clinic of the University of Milan, where she has carried out clinical activity of department and research in neuropsychological field.

1996-2004: Researcher of Clinical Neuropsychology at the Faculty of Psychology, University of Padua.

1996-present: Supervisor of numerous internship students, PhD students and Research Fellows in University Departments (Padua and Bergamo) and in Clinical Neurological/Neuropsychological/Neurorehabilitation Departments and Institutes affiliated with University of Milan, Padua, Brescia and Bergamo.

2005-february 2016: Associate professor of Psychobiology and Physiological Psychology, University of Bergamo.

2005-present: Member of PhD, University of Bergamo and Tutor of PhD students.

2005-present.: Member of Commissions for Comparative Evaluation Procedure for Researchers and Associate/Full Professors.

2010-2015: President of the degree course in Psychological Sciences, University of Bergamo.

2013- 2018: President of the degree course in Clinical Psychology (and of the International Curriculum in Clinical Psychology for individuals, Families and Organizations), University of Bergamo.

2013-2016. Board Member Higher Education School, University of Bergamo.

2014-2018. Head of the Psychological Area Internship Commission, University of Bergamo.

2015-present. Component of CPA (Conference of Academic Psychology).

March 2016-present: Full professor of Neuropsychology, University of Bergamo.

2017-2024. Member of the Board of the Department of Human and Social Sciences, University of Bergamo.

2018-2024: Vice-Director of Department of Human and Social Sciences, University of Bergamo.

2021-present. Head of Research Laboratory Department of Human and Social Sciences, University of Bergamo.

2025-present: Vice-Director of Specialization School in Health Psychology, University of Bergamo.

Teaching

1996-present: Teaching Academic activity in Courses in Neuropsychology, Cognitive Neuroscience and Clinical Neurosciences in Psychology Degree, in Specialization Schools and PhD program, in the field of Neuropsychology and Neurosciences, University of Bergamo; Master's and Specialization School in Neuropsychology.

2005- present: Teaching Academic activity in Courses in Neuropsychology, Cognitive Neuroscience and Clinical Neurosciences in Psychology Bachelors and Master's Degrees, in Specialization Schools and PhD program, in the field of Neuropsychology and Neurosciences, University of Bergamo; Teaching in Academic Master and Specialization School in Neuropsychology; Teaching in Private Master and Specialization Schools.

2005-present: Supervisor of numerous PhD students and research Fellows in University of Bergamo in the field of Neuropsychology.

2010- present: Reviewer activity for PhD theses at Italian Universities.

Member of the PHD Thesis Discussion Committees at the University of Turin.

2019- present: Member of the Scientific Committee for the Advanced Training Course in Specific Learning Disabilities, University of Bergamo.

2026: Member of the Scientific Committee of the School of Psychotherapy on Cognitive Behavioral and Neuropsychological Studies, Turin. Member of the PHD Thesis Discussion Committees at the University of Turin.

Clinical activities

1990-1992. Outpatient activity for the diagnosis of neurodegenerative diseases (Alzheimer's Dementia) at the Neurological Clinic, University of Milan.

1991- 1993. Activity of clinical neuropsychological consultant for inpatients at the Institute of Neurological Clinic, University of Milan.

1990-2001. Consultant at the Istituto Geriatrico Redaelli in Milan to carry out research in the neuropsychological field.

1993. Activity of neuropsychological consultant at the Department of Neuropsychiatric Sciences, H. S. Raffaele, Milan.

1996-2002. Activity of clinical neuropsychological consultant at the "Le Betulle" Clinic, Appiano Gentile, Como.

2006-2007. Activity of clinical neuropsychological consulting at the Division of Neurology, Valduce Hospital, Como.

Editorial Activity

Scientific reviewer for national and international journals (Communications Biology; Eating and Weight Disorders - Studies on Anorexia, Bulimia and Obesity; Experimental Gerontology; Frontiers in Neurology; Frontiers in Psychology/Psychological Settings/Health Psychology/Cognitive Science; Geriatrics; Journal of Alzheimer's Disease; Neurosciences and Biobehavioral Reviews; Neuropsychology; Neuropsychological Rehabilitation; Neuroscience Letters; Nuova Secondaria; Plos One).

Associate Editor in Frontiers in Psychology. Guest Editor for Special Issue in Behavioral Sciences.

Technical Committee MIC Conference, Marconi Institute for Creativity Conference, Bologna 2019 - Trieste 2023- Cagliari 2024-Bologna 2026.

Scientific Committee, International Conference on Beauty and Change, Torino, 2022, 2023, 2024, 2025.

Translation of the Book "Cognitive Neuropsychology", Mc Carthy-Warrington, Italian Edition Cortina, Milano.

Membership of Scientific Societies

Member of the Italian Neuropsychological Society; Italian Psychology Association; Italian Society of Psychology of Aging; FESN (Federation of European Societies of Neuropsychology).

Scientific research activity

I coordinated research activities in the clinical neuropsychological field, carried out in collaboration with National and International Scientific Institutes and Universities, documented by peer-review publications, relating to the following fields of interest:

Normal and pathological aging: diagnosis and intervention; Unilateral spatial neglect and related disorders: clinical assessment and cognitive rehabilitation; Disturbances in spatial cognition; Alzheimer's dementia and other forms of cognitive impairment; Anatomical-clinical correlations of some cognitive deficits; Cognitive-behavioral deficits in several neurodegenerative diseases (dementia and Parkinson's disease); Artistic creativity in neurodegenerative diseases; Neuroaesthetics in cognitive rehabilitation. Scientific principal investigator of numerous research projects in the field of neurosciences (Funded by Private Scientific Foundations, Universities, Italian Ministry).

1993-2005. Collaborator in various projects MIUR-ex 60% and PRIN (Cofin) funded at University of Milan and University of Padua (1997: Attention and visuospatial representations of objects and words; 1999: Spatial Information and Response Selection; 2003: Spatial Representation and Verbal Representation of Numbers; 2005: The Role of Spatial Attention in the Mental Representation of Number Magnitude).

2003-2004. Scientific Coordinator for a University Project (CPDA034753): "Arithmetic priming: study on normal subjects and brain patients" at the University of Padua.

2005-currently. Scientific Coordinator of Research projects (ex-60%) at the University of Bergamo.

2007-2009. Scientific Coordinator of PRIN (Cofin 2007) - Research Unit, University of Bergamo. The role of facial and body expressions in modulating attention in near/far space.

2010-2018. Scientific Coordinator of Research Projects (PI) of the University of Bergamo (funded by Pharmaceutical Companies carried out in collaboration with the Clinical Institutes of Specialization, Milan). Title Projects: The caregiver and Parkinson's disease; Creativity and Parkinson's disease.; Creation of

a computerised database for the collection of information on neuropsychological deficits; Quality of life and affective and behavioural aspects in the caregiver of people with Parkinson's disease and Parkinsonism; Emotions and daily life in Parkinson's disease.

2019-2023. Scientific Coordinator (PI) of the project funded by the Cariplo Foundation. CREA.CON (creativity in context): the role of creativity in active aging in different contexts".

2022-2025. Scientific Coordinator (PI) of PRIN 2022. Aesthetics and Creativity to support the validation of an e-health rehabilitation protocol for neurological patients (CLICK).

2025-2027. Component of the "RECOVER AI" Project, funded by the Lombardy Region Collabora & Innova - ERDF PR 2021-2027.

Component of Technical Committee MIC Conference, Marconi Institute for Creativity Conference, Bologna 2019 - Trieste 2023- Cagliari 2024- Bologna 2026.

Component of Scientific Committee, International Conference on Beauty and Change, Torino, 2022-2023-2024-2025.

Component of Scientific Committee Workshop Fondazione Cariplo, " CREA.CON (CREativity in CONtext: the role of creativity in active aging in different contexts)", University of Bergamo, 2023.

Component of Scientific Committee Workshop PRIN 2022 "Aesthetics and Creativity to support the validation of an e-health rehabilitation protocol for neurological patients (CLICK)", University of Bergamo, 2026.

Researches are published in peer-reviewed, national and international journals and books in neurological/neuroscience/ neuropsychological fields (more than 250 scientific products).

Publications

- G. Vallar, E. Bisiach, M. Cerizza, M. L. Rusconi

The role of left hemisphere in decision-making. *Cortex*, 29, 399-410, 1988.

- G. Vallar, R. Sterzi, G. Bottini, S. Cappa, M. L. Rusconi

Temporary remission of left hemianesthesia after vestibular stimulation. A sensory phenomenon. *Cortex*, 26, 123-131, 1990.

- E. Bisiach, G. Geminiani, A. Berti, M. L. Rusconi

Perceptual and premotor factors of unilateral neglect. *Neurology*, 40, 1278-1281, 1990.

- E. Bisiach, M. L. Rusconi

Break-down of perceptual awareness in unilateral neglect. *Cortex*, 26, 643-649, 1990.

Congress presentations

-Riunione di Neuropsicologia della S.I.N. , 1989.

Remissione temporanea di emianestesia sinistra dopo stimolazione vestibolare. Un fenomeno di neglect sensoriale.

-European Brain and behaviour Society Workshop, Padova, 1990. Temporary remission of left hemianesthesia after vestibular stimulation.

- Riunione di Neuropsicologia della S.I.N., 1991. Emianestesia, Emiianestensione sensoriale e difetto di accesso all'esperienza cosciente. Comunicazione.

- Convegno " Attention and performance", Erice, 1992. Awareness of contralateral information in unilateral neglect. Effects of verbal cueing, tracing and vestibular stimulation.

- Joint Meeting delle Società italiana e francese di Neuropsicologia, 1992. Extinction visuelle et tactile chez l'homme.

- Joint Meeting delle Società italiana e francese di Neuropsicologia, 1992. Etude neuropsychologique d'un cas d'apraxie constructive.

- 5th European Congress on Research in rehabilitation, Helsinki, 1995. Unilateral spatial neglect and functional recovery in left hemiplegia.

- Convegno della Società Italiana di Alcolologia, Ottobre 1995. NMR in alcoholism. Anatomico-clinical correlations.

- 6th European Congress on Research in rehabilitation, Berlino, 1998. Does transcutaneous electrical stimulation enhance the effects of cognitive training for unilateral neglect Syndrome?

- VIII Convegno Nazionale di Riabilitazione Neurologica. Catania, 1999. Analisi del recupero neuropsicologico in emiplegici riabilitati per NSU.

- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Alghero 2000. Effetto lessicale nella dislessia da neglect.

- XIX European Workshop on Cognitive Neuropsychology, Bressanone, 2001. Is the intact side really intact? Perseverative responses in patients with unilateral neglect.

- I Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2001. La riabilitazione neuropsicologica della negligenza spaziale unilaterale.

- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Alghero 2001. Il test dell'orologio come strumento diagnostico per la negligenza spaziale unilaterale (NSU).

- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Alghero 2001. Incidenza del neglect rappresentativo e dissociazione tra rappresentazione e percezione spaziale in pazienti cerebrolesi.

- II Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2002. Elaborazione non cosciente in pazienti con negligenza spaziale unilaterale.
- II Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2002. Chairman della sessione 'L'Approccio neuropsicologico'.
- II Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2002. Wisconsin Card Sorting Test: nuove misure applicate a un campione di soggetti cerebrolesi.
- 6th Alpe Adria conference of Psychology, Rovereto 2002. Clock Drawing Test and Unilateral Spatial Neglect in brain damaged patients.
- III Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2003. Attenzione visuo-spaziale: studio su 113 soggetti normali.
- III Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2003. Ipotesi per la valutazione del test dell'orologio nei pazienti con Demenza di Alzheimer.
- III Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2003. La riabilitazione dell'eminegligenza spaziale unilaterale.
- IV Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2004. Neglect immaginativo e allochiria.
- IV Convegno Nazionale Disabilità, Trattamento, Integrazione, Padova 2004. Cambiamenti qualitativi e quantitativi nell'invecchiamento normale e nei disturbi progressivi degenerativi.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Sciacca, 2004. Priming aritmetico in pazienti con neglect.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Sciacca 2004. Allochiria: studio su pazienti cerebrolesi.
- XXIII European Workshop on Cognitive Neuropsychology, Bressanone, 2005. Arithmetic priming in left visuospatial hemineglect.
- Cognitive Neuroscience Society meeting, New York 2005. Implicit processing of Arabic digits in left visuospatial hemineglect.
- XXXVII Annual General Meeting of the European Brain and Behaviour Society, Dublino, 2005. Anterograde amnesia for spatial relationships in topographical disorientation.
- XXXVI Convegno Società Italiana Neurologia, Cernobbio 2005. Attenzione visuo-spaziale e demenza di tipo Alzheimer: studio con il test dell'orologio.
- 50° Convegno Nazionale della Società Italiana di Geriatria e Gerontologia, Firenze 2005. Dignità clinica della riabilitazione geriatrica.
- Experimental Psychology Society, London 2006. Arithmetic priming from neglected numbers.
- 11th Annual Cyber Therapy 2006 Conference: Virtual Healing: Designing Reality, Gatineau (Canada), 2006. Virtual Reality Contexts for the Situated Assessment of Spatial Neglect.
- 5th International Workshop on Virtual Rehabilitation, New York, 2006. Computer-enhanced route and survey spatial knowledge assessment in clinical neuropsychology.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Rovereto 2006. Dissociazione tra bisezioni cognitive.

- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Rovereto 2006. Neglect e allochiria: studio di un caso singolo.
- 2nd Meeting of the European Societies of Neuropsychology, Toulouse 2006. The use of virtual reality environments for survey spatial ability evaluation in topographical disorientation.
- 6th International Workshop on Virtual Rehabilitation, Venezia 2007. A context-based interactive evaluation of neglect syndrome in virtual reality.
- XXXVIII Convegno SIN, Firenze 2007. Numerical- non numerical bisection tasks: evidence from right brain-damaged and dementia patients.
- First Meeting of the European Federation of Neuropsychology Societies, Edimburgo 2008. An integrated evaluation approach for Topographical Disorientation.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Padova 2008. Pensiero creativo e compulsività in un campione di pazienti con morbo di Parkinson.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Padova 2008. Dall'organizzazione di conoscenza spaziale basata su percorsi (route) alla conoscenza inferenziale (survey): un confronto fra esplorazione "carta e matita" e realtà virtuale.
- XXXIX Convegno SIN, Napoli 2008. The relationship between artistic productivity, impulse control and frontal lobe function in Parkinson's disease.
- 6th International Congress on Mental Dysfunctions & Other Non-Motor features in Parkinson's disease - Dresden, Germany, 2008. The relationship between artistic productivity, impulse control and frontal lobe function in Parkinson's disease.
- XXXVI Convegno Nazionale SIMFER "HUMANA FABRICA". Verso una nuova scienza per la riabilitazione. Roma, Novembre 2008. La realtà virtuale nella valutazione.
- 13th International Congress of Parkinson's Disease and Movement Disorders, Parigi 2009. Artistic productivity and Parkinson's disease.
- 14th Annual International CyberTherapy and CyberPsychology Conference, Verbania 2009. Neuropsychological and Virtual Reality Assessment in Topographical Disorientation.
- XL Convegno SIN, Padova 2009. Artistic productivity in Parkinson's disease.
- XL Convegno SIN, Padova 2009. Topographical abilities, neuropsychological and self-activation correlates of bilateral thalamic lesion.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Chieti 2009. Il ruolo delle espressioni facciali e corporee nella modulazione dell'attenzione nello spazio vicino/lontano.
- Convegno Nazionale AIP, Sezione di Psicologia sperimentale, Chieti 2009. Creatività artistica nelle malattie degenerative.
- 4th International Conference on Spatial Cognition, Roma 2009. VR-Maze test: an interactive tool for the assessment of "survey to route" spatial organization ability in elderly population.
- Università Bergamo 2009. Il cambiamento nei processi mentali.
- Second Meeting of the European Federation of Neuropsychology Societies, Amsterdam 2010. Modulation of spatial attention in neglect patients by fearful faces in the near space and fearful bodies in the far space.

- III Convegno Nazionale GIRN 2010 - La Riabilitazione Neuropsicologica: Aspetti Metodologici e Funzioni Esecutive", Padova 2010.
 - III Convegno Nazionale GIRN 2010. Effetto a lungo termine dei prismi nella riabilitazione del neglect.
 - III Convegno Nazionale GIRN 2010. Effetto delle lenti prismatiche su immaginazione ed emozione nel neglect.
 - III Convegno Nazionale GIRN 2010. La riabilitazione del neglect: un caso clinico.
